The World Cup in Leer / Ostfriesland 2013
Wild race, fascinating speed, effortless progress - find ambitious and passionate recumbent-cyclists, velomobile and boat specialists from around the world. Have a look at muscle-powered hydrofoils and unusual bicycle ideas, get inspired.

Movement and mobility for everyone
The boundaries between the ambitious racers and skilled everyday cyclists are fluent. This proves the HPV with its ingenious skill competitions. To avoid obstacles in everyday cycling-life requires a lot of experience and expertise.

The HPV Association...
...is organizing the World Cup in Leer. Since 25 years the HPV is promoting the development of modern, fast and comfortable human powered vehicles, boats and planes.

We are looking forward to see you as athlete or guest at the world Championship from 21 - 23 June 2013 in Leer Ostfriesland. Registration, contests, current program, social program, information on camping, accommodation and changes in program you will find on:
